SCIH 025 061 Biology 1

Laboratory Materials Needed

You will need the following materials to complete the labs in this course. You should already have access to most of the items or you can obtain them locally. The items marked with an asterisk (*) are available in the laboratory kit you can purchase. Please see the individual laboratory instructions for more specific information.

- 1 fresh apple
- 75 mL (about 2.5 oz) each lemon juice and sugar solution
- 250 mL clear glass container (about 8 oz)
- *20 UV beads
- 1 oz sunscreen (any spf)
- t-shirt (or a 3x3 in. piece of t-shirt material)
- sunglasses
- watch or clock with a second hand
- 1 deck of playing cards
- 2 sheets of colored paper (any color)
- scissors
- tape (any kind, about 1 meter in length)
